If You Have "Spring Fever"

NOW is the time to order your Glads for the coming summer garden. Every year many of our customers wait until late in the season to place their orders. Consequently, we are "snowed under" with "rush—ship immediately" requests. If you order now, we can assure you that your bulbs will be on hand when you want to plant.

Please use this list to avoid unnecessary delay in shipment. Many sizes and varieties are nearly sold out, so if possible, please give us a second choice. We still have the same fine quality bulbs and good selection left for sale.

If you like to specialize in "Mair" or "Pfizer" originations, take a look at our list—many of the world's finest glads are offered here for your garden.

If You Are No Longer Interested in GLADS, Please Return to Postoffice Marked Refused

This is the warehouse where the bulbs are stored. Every spring order is handled thru this modern building, capable of holding bulbs dormant for as long as a year, should our customers want us to keep them that long.

Read This Before Ordering

We exercise the greatest care to have everything true to name and will replace free, or refund the money, on any stock untrue to name. If for any reason you are dissatisfied with the stock, when received, return it and your money will be refunded.

THRIP

The bulbs are guaranteed free from thrip. We treat our bulbs in storage and will ship packed with naphthalene flakes if requested. We advise everyone to treat the bulbs he plants with lye or corrosive sublimate. Directions will be packed with your order if you are not familiar with these treatments.

DISCOUNTS

For price of 10 bulbs, divide 100 price by 9. Less than 10 bulbs sold at the same rate, but no item less than 10 cents. Thus, 3 bulbs at \$3.00 or \$3.20 per 100 are 10 cents. 3 bulbs at \$3.60 per 100 are 12 cents and 3 bulbs at \$4.00 per 100 are 13 cents. 25 or more bulbs, one size and variety, are sold at 100 rate.

Any quantity of bulblets at 100 or 1000 rate, but no item less than 10 cents.

If you use bulblets by peck or bushel or large quantities of planting stock, write for special quotation giving variety, size and quantity.

ORDER CHANGES

It sometimes happens that we are out of the size you order, but have other sizes in the same variety. Please state if you wish us to send another size or variety if out of what you order. You will always receive liberal value for any change.

SHIPMENT

Domestic orders for \$2.00 or more and foreign orders for \$5.00 or more from retail list will be prepaid anywhere in the world reached by 14c a pound postage rate.

A service charge of 25 cents will be made on domestic orders of less than \$2.00 and foreign orders of less than \$5.00.

Transit charges and special services will be charged at cost.

Express shipments to states or countries maintaining terminal inspection will be prepaid to inspection point.

Items from prepaid and wholesale lists may be combined in one order. We will pay the charges on the prepaid portion of the shipment.

Orders for \$15 or more can be sent at any time in U. S. A. by express. Orders held for spring delivery will be shipped as weather permits. Local and Pacific Coast orders can be sent at any time.

All stock offered and orders accepted subject to prior sale and causes beyond our control.

PREMIUMS

Extra bulbs, our selection, will be added to your shipment for the names, new to our list, of your friends that grow 500 or more Glads. SPRING, 1937

Dear Glad Hobbyist:

Last Saturday Father Time's clock struck Spring at exactly 4:45 P. M.

This means That you have the "itch" to begin gardening, and of course, that bed of satisfying glads looms big in your plans. To assist you in your most pleasant duty of selecting your new bulbs, I am sending you our revised catalog.

You will find an almost unbelievable number of varieties--184 in all--yet every bulb you order is guaranteed true to name. Many you've been wanting, and others you will want, to carry out your pet color scheme, are listed there.

While our prices are most reasonable, quality is our strongest bid. We are in the Glad center of America, where climate and soil and our own experienced skill produce bulbs of such vitality they just can't help making magnificent blooms.

Recently a new customer wrote: "Those bulbs are not Glad bulbs; they are lily bulbs." She simply was not used to high-crowned, vigorous Perrin bulbs.

Plant early for best results. So why not order at once those glorious bulbs that produce such glorious colors in the sunup when most flowers are gone? We'll ship the very day we receive your order. Remember that our bulbs are as near to you as your regular mailman.

May I not, as one flower-lover to another, wish you the best of luck with every flower you grow this whole season?

Sincerely

M. R. Perrin
